Udemy Platform ([online certificate following the link](#))

Skills

Programming Languages and Tools

About Me

I am 19 years old and live in Olivos, Buenos Aires Metropolitan Area. I have been captivated by programming and its possibilities since teenagehood. I consider myself as reliable, willing to work with a team and who wants to learn from hands-on experience.

Portfolio Project

 **Insight.**

Full-stack news blog made with the Laravel framework for PHP

Second Group Stage reached

Languages

English: Advanced Level (C2)

Cambridge CAE exam passed with 204 score (grade A) according to the Cambridge English Scale

Aspirations

My goal is to be able to join the working world and continue my learning through new experiences and challenges. I wish to adapt to the dynamics of working in the software industry, and to have the chance to apply the good practices I've learnt whilst honing my communication skills.
